introduces the field of communication to students who may have little or no background in communication theory the three overriding goals of this book are to help students understand the pervasiveness of theory in their lives to demystify the theoretical process and to help students become systematic and critical in their thinking about theory

distinguished historian richard w etulain brings together a generous selection of essays from his sixty year career as a specialist on the us west in this essential volume each essay provides an invaluable overview of the rise of western literary history and historiography including insightful evaluations of individual historians revealing summaries of regional literature and discussions of western stories yet to be told together these writings furnish readers with useful considerations of important subjects about the american west all those interested in the american west and its interpreters will find these illuminative moments of literary history and historiography especially appealing

in marriage violence and the nation in the american literary west william r handley examines literary interpretations of the western american past handley argues that although scholarship provides a narrative of western history that counters optimistic story of frontier individualism by focusing on the victims of conquest twentieth century american fiction tells a different story of intra ethnic violence surrounding marriages and families he examines works of historiography as well as writing by zane grey willa cather wallace stegner and joan didion among others to argue that these works highlight white americans anxiety about what happens to american character when domestic enemies such as indians and mormon polygamists against whom the nation had defined itself in the nineteenth century no longer threaten its homes handley explains that once its enemies are gone imperialism brings violence home in retrospective narratives that allegorise national pasts and futures through intimate relationships

describes changes in how the west has been seen from a male dominated frontier to a region with a powerful sense of place to a modern center of both genders ethnic groups and environmental interests

a fascinating and novel exploration of the transformative role played by the american west in the development of modernism in the united states drawing extensively from various disciplines including ethnology geography geology and environmental studies this groundbreaking book addresses shifting concepts of time history and landscape in relation to the work of pioneering american artists during the first half of the 20th century paintings watercolors and photographs by renowned artists such as frederic remington georgia o keeffe ansel adams thomas hart benton dorothea lange and jackson pollock are considered alongside american indian ledger drawings tempuras and dineh sandpaintings taken together these works document the quest to create a specifically american art in the decades prior to world war ii the modern west begins with a captivating meditation on the relationship between human culture and the physical landscape by barry lopez who traveled the west in the artists footsteps emily ballew neff then describes the evolving importance of the west for american artists working out a radically new aesthetic response to space and place from artist explorers on the turn of the century frontier to visionaries of a californian arcadia to desert luminaries who found in its stark topography a natural equivalent to abstraction beautifully illustrated and handsomely designed this book is essential to anyone interested in the west and the history of modernism in american art

literary histories of course do not have a reason for being unless there exists the literature itself this volume perhaps more than others of its kind is an expression of appreciation for the talented and dedicated literary artists who ignored the odds avoided temptations to write for popularity or prestige and chose to write honestly about the american west believing that experiences long knowns to be of historical importance are also experiences that need and deserve a literature of importance

this anthology examines love s labours lost from a variety of perspectives and through a wide range of materials selections discuss the play in terms of historical context dating and sources character analysis comic elements and verbal conceits evidence of authorship performance analysis and feminist interpretations alongside theater reviews production photographs and critical commentary the volume also includes essays written by practicing theater artists who have worked on the play an index by name literary work and concept rounds out this valuable resource

tracing the story of red lodge from the 1880s to the present christensen tells how a mining town managed to endure the vagaries of the west s unpredictable extractive industries economy she connects red lodge to a myriad of larger events and historical forces to show how national and regional influences have contributed to the development of local identities exploring how and why westerners first rejected and then embraced western images and how ethnicity wilderness and historic preservation became part of the identity that defined one town book jacket
